

DID YOU KNOW?

Did you know that South Florida is the 2nd largest nesting beach in the world for the loggerhead sea turtle--an endangered species--and that Juno Beach is one of the most densely populated beaches for these turtles?

The Loggerhead Marinelife Center is dedicated to promoting conservation of Florida's ecosystems with a special focus on the threatened and endangered sea turtles. With over 200,000 visitors each year, it provides educational opportunities to many including our local schools. The Center maintains the only sea turtle hospital from Orlando to the Keys. The BallenIsles Charities Foundation has the opportunity to fund an All Terrain Stretcher for the 60-80 annual turtle patients injured principally by contact with humans. Our grant will better enable the Center's hospital to care for 200 pound plus marine wildlife with a focus on threatened and endangered species.

This is just one aspect of our efforts this year. Find out how **you** can be a part of 2013. Either visit us at: <https://www.facebook.com/BallenIslesCharitiesFoundationInc>, call us at 561-625-5701 or email us at info@BallenIslesCharitiesFoundation.org
